WIREFRAME GUIDELINES

- Low-fidelity wireframe
- Black, White & Grey only
- Focus on layout, hierarchy and user flow
- Clear Call-to-Action (CTA) buttons
- No images or colors used

NOTES

This wireframe is the skeleton of the homepage designed to provide a clean, logical structure and better user experience, reducing drop-offs during the checkout process.

GOAL: Create a clean, user-friendly layout with clear hierarchy and strong CTAs to improve engagement and conversions.

Focus: User Flow
Clarity: Hierarchy
Design Stage: Wireframing (Low-Fidelity)
